

TAP Information No 16 - June 2014

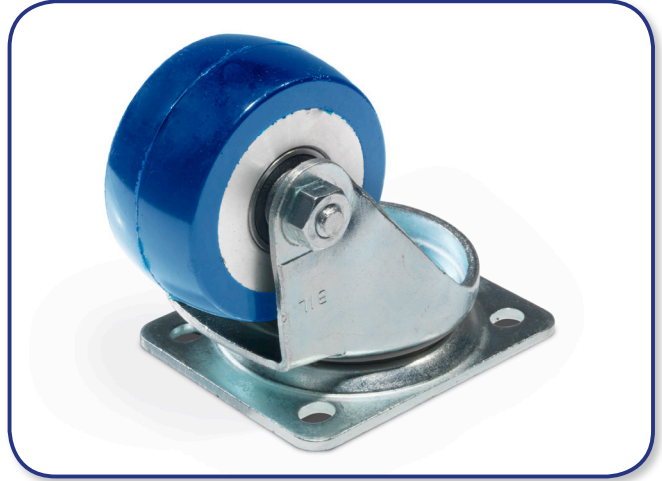

Twintec rear castors update

As part of Numatic International's commitment to product support and machine upgrades we have improved the rear castors on our Twintec range.

The new castor is more robust in design and has an extended life due to the heavy duty construction when compared to the old version.

Old Red Castor.

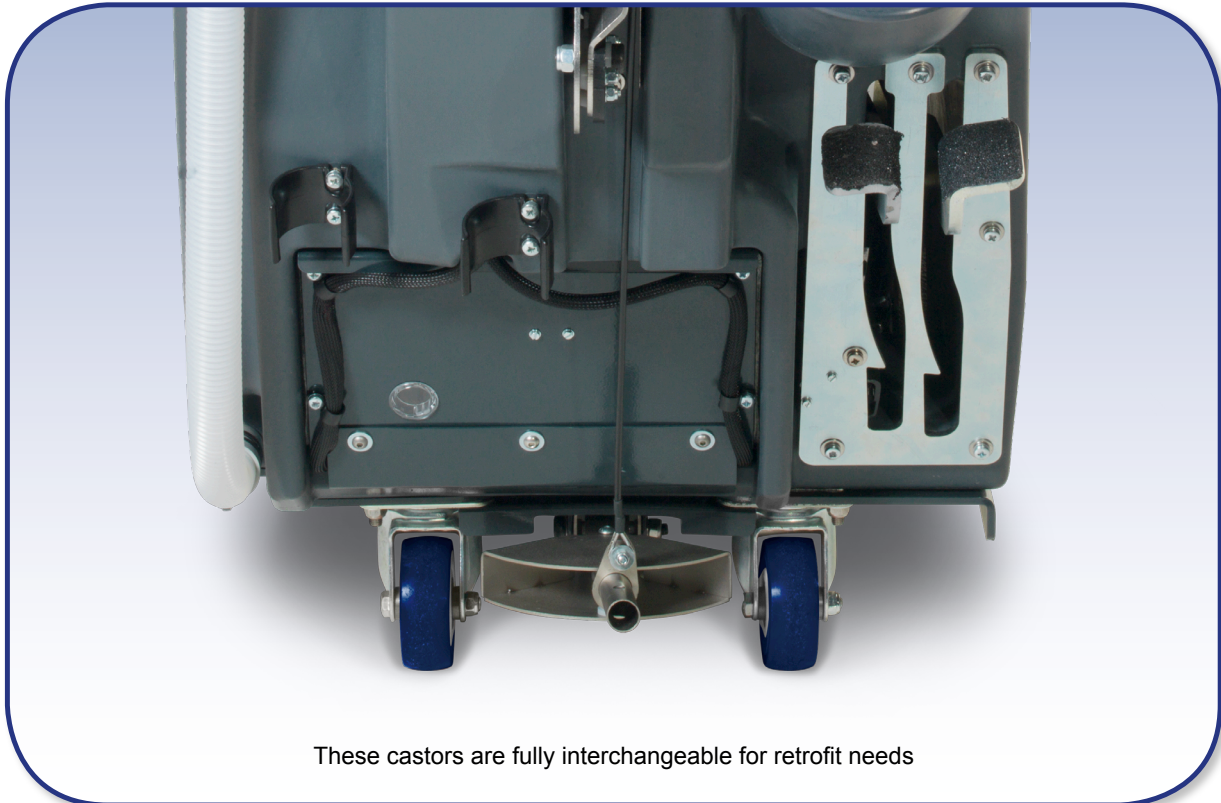

New Blue Castor

Please request kit number

TTV5565 CASTORS UPDATE KIT - 608004, TV4555 & TTB6055 CASTORS UPDATE KIT - 608005
